

1 ACLS SQL7.2.x bug-fixes and new features:
2
3 1. Resource manager:
4 - change search resource to search bookable resource
5 2. Invoice summary
6 - add consumable charge to the invoice summary
7 - add consumable orders to the supervisor filter list as some research groups might
not book anything, only use consumables
8 - add consumable description to consumable orders on invoice statement
9 3. SAHMRI:
10 - customise invoice email to supervisors with SAHMRI context
11 4. User profile editor:
12 - supervisor tab: for new user profile after reg approval, remove the null supervisor
13 - account tab: add expiry date
14 5. Resource profile editor:
15 - Certificate tab: fix the weekend checkbox issue
16 - Certificate tab: fix the booking alert checkbox issue
17 6. Calendar feature:
18 - implement auto-end time selection on calendars, auto-selection is based on the
resource min hours per session setting
19 7. NIF:
20 - post-production changes per 2022-2023 proposal
